Rachel T. Entwistle	Zissi M. Vangjel
Robert W. Heath	

Marguerita Crawford was the winner of the second honor for high scholastic attainment for the four year course.

*Teachers and Enrollment*

There have been two changes in our teaching force within the year. Miss Ivy M. Burleigh and Mr. Harold E. Bridge, assistants in the junior high, resigned in June. These vacancies were filled by the appointment of Miss Margaret Thompson of Ashland, and Mr. Carl Johnson of Hillsboro. We were fortunate in securing the services of these two excellent teachers.

Soon after the Christmas vacation Mr. Johnson was obliged to give up his work temporarily to undergo a serious surgical operation. We are glad to report his condition much improved. Mr. George Cross of Goffstown is substituting for him.

Following is the teacher assignment and the enrollment at the present time:

<i>School</i>	<i>Teacher</i>	<i>Enrollment</i>

 Total number enrolled 464

The present enrollment of local students at Tilton School is one hundred thirty-five (135). In addition four (4) local students are enrolled at the Franklin High School and one (1) at the Laconia High School.

*Tilton School*

The total enrollment of local pupils at Tilton School during the school year ending June 30, 1935 was one hundred forty-six (146). The average enrollment for the year was one hundred thirty-four (134). The total tuition cost was \$16,400, making the per pupil cost \$122.30.

*High School*

At the school meeting held March 22, 1935, William C. Sargent, Frank P. Lawrence, Burt C. Abbott, and Emery L. Thibodeau were chosen "to act jointly with the school board as a committee in studying the needs of the school district". This joint committee was instructed to report its findings to an adjourned meeting when action might be taken on recommendations of the committee.

The committee made a careful study of the local school situation. Much time and thought were put into this. Influenced by the uncertainty of the district being able to continue the present arrangement with Tilton School for any definite or considerable period, as the Trustees of Tilton School declined to commit themselves in this matter,

and feeling that a great saving might be made at this time in the construction of a high school building with a 45% Federal Grant, the committee were unanimous in their recommendation that a junior-senior high school be built at an approximate cost of \$130,000. In making its recommendation the committee had in mind also the need of relieving the congestion at the Union School.

At an adjourned meeting held July 11, the committee was authorized to make application to the Federal Government for a 45% grant and 55% loan, under the P. W. A. to build and equip a junior-senior high school. This meant the preparation of plans for the building and the selection of a lot. The committee employed Wells, Hudson and Granger, Architects, of Hanover, N. H., to make the preliminary drawings.

On September 27 the committee was notified of the approval by the Washington authorities of the application for funds to be used in the construction of the building.

A special school district meeting was held October 10 for final action in the matter. The committee presented plans for the construction and equipment of a high school building costing not more than \$123,636 and recommended that the building be located facing Park Street about where the Eastman Building, so-called, now stands.

The unanimous recommendation of the committee did not receive the approval of the voters and the motion to build was lost.

#### *School Nurse*

It is with pleasure that I commend Mrs. Lurline H. McCook for her faithful and efficient services as School Nurse. Mrs. McCook presents the following report:

During the year of 1935 the school children were ex-

amined twice by the school physician. Records were kept of each child's physical condition and parents were notified of all defects needing attention. The same is true of the vision tests made by the school nurse. Weight and height records are also kept. Union School has been visited almost every school day and the rural schools as the occasion required and individual inspections were made as the need arose. During the year it was necessary to exclude 88 children for contagious diseases of various kinds.

Visits to schools,	555
Visits to homes,	61
Treatments at school,	16
Inspected,	245
Eyes tested,	80
Hours of school work,	164

At this time I wish to thank all those, who by their kindly co-operation have helped to make my work pleasant and effective.

LURLINE H. McCOOK, School Nurse.

A dental clinic is now being held under the direction of Mrs. McCook. Dr. Joel E. Nordholm and Dr. Edwin D. Forrest are giving their services in making this inspection.

#### *Improvements Needed*

Assurance was given the school board nearly six months ago that its application for Federal Funds, under the C. W. A., for redecorating the interior of the Union building, and painting the fire-escape and exterior wood work, had been approved and that funds were available. Repeated assurances have since been given that the project was about to start. Nothing has materialized. This work ought to

be done next summer whether Federal Funds are available or not.

The Eastman building is still sadly in need of paint. If this building is to be used indefinitely it should have immediate attention.

One improvement has already been made through the action of the Northfield authorities which is greatly appreciated. The removal of the snow in front of the Union and Eastman buildings has greatly improved the conditions.

#### *Finances*

A deficit this current year of approximately \$500 is probable. This is due to necessary expenditures which were not anticipated.

The school board's proposed budget for next year is about \$1800 in excess of the budget adopted a year ago. The largest increase is in the item of transportation.

A special appropriation should be made to take up the note now outstanding. This is in accordance with the vote of the school meeting of March 23, 1934.

The continued cooperation which I have received from the School Board, the teachers and many others is sincerely appreciated.

Respectfully submitted,

CHANNING T. SANBORN,

Superintendent.

Tilton, N. H., February 18, 1936.
